

e-LEARNING FOR FACTORY ENVIRONMENTS

BUDGET-FRIENDLY ONLINE TRAINING SOLUTIONS IMPROVE PRODUCTIVITY

Our e-Learning platform provides you with a cost-effective solution to upskill your workforce with the same quality training that you would receive from our instructor-led in-person formats. Training materials consist of downloadable manuals, procedural instructions and instructor-led videos.

CURRICULUM AND CONTENT

Course curriculums are the same quality and content that is provided in our formal training.

e-Learning system auto-prompts you through the training course. The user-friendly interface is easy to use, follow, and is aesthetically pleasing

AVAILABLE COURSES

The following SMT courses and materials are available 24/7 on our e-Learning platform:

- NPM Series Ops, Prog Adj. & PM's
- SPG Series Prog Teach, Settings & PM's
- DGS Master Parts Library
- Introduction to DGS
- Advanced DGS
- Panasonic Tape Splicing
- Intelligent Feeder Maintenance
- PanaCIM® EE
- PanaCIM®10 / Gen2

RAMP-UP & MAINTENANCE

Access to Panasonic machine and software manuals as well as the Ramp-Up training materials used to provide operators with the basic skills to run production.

BENEFITS OF ADDING E-LEARNING TO YOUR FACTORY ENVIRONMENT

24/7 access to Panasonic SMT training courses to improve employee skill sets

Built in tests and downloadable course certificates upon course completion

Access to viewable and downloadable machine and software manuals
